The dream itself, a pivotal scene within Cicero's *Republic*, depicts Scipio being visited by his deceased grandfather, Scipio Africanus Major, who guides him on a visionary journey through the cosmos, revealing the nature of the heavens and the soul's immortality. Macrobius' commentary unpacks the allegory embedded within this dream, illuminating its layers of meaning for a later audience.

The harmonious order of the heavens becomes a model for the well-ordered society, implying that political stability is reflected in cosmic balance.
- **Neoplatonic Influences:** Macrobius' perspective is heavily informed by Neoplatonism, a school of thought that emphasized the One, the ultimate source of being.
